

## Church Liaison Coordinator

Many areas are looking for additional ways to involve non-committee adults, and to develop stronger support from local church congregations. This role helps bring those two things together in a way that, when done effectively, can truly bless an area.

### Job Description

The coordinator develops a network of friends of Young Life (often parents of kids who are significantly involved in club/camp/Campaigners) who are willing to go to their church once or twice a year with a request on behalf of Young Life.

### Basic Strategies to Develop

- Find out what churches are represented among the Young Life community.  
Places to look:
  - Committee members.
  - Volunteer Leaders.
  - Adults working on special projects (golf, WyldLife Parent Support Team, etc.).
  - The church-going parents of kids who Young Life has significantly impacted (connect through Campaigner and club leaders).
- Recruit these friends to undertake one or two annual tasks.
  - Request a meeting with the pastor or missions committee for the staff/committee representative to attend.
  - Request a Young Life announcement or presence at a missions Sunday or similar event.
- Equip the team to make their asks.
- Connect the staff (or trained volunteer/committee rep) with churches when a door opens.
- Record what progress we make with each church annually.
- Familiarize yourself with the materials in the Committee Church Relations Packet.

### Qualifications

- Can organize.
- Communicates well with a group of people.
- Is actively involved in their own church.

### Time Requirement 2 - 4 hours per month
